

Non-degree Based Studies

The University can cater for people who wish to attend courses or conduct their research at MGIMO but are not working towards its qualification. These are Visiting Students and Research Visitors.

Visiting Students

The University is glad to welcome graduate students who wish to take one or more taught courses. This option is attractive to students registered for a degree at their home Institutions, or to people who wish to undertake a taught course at this level as part of their continuing professional development.

For students already registered at another university, courses can be chosen to complement studies at the home university; other students may want to take various combinations of courses which do not exist under a degree programme. Those following courses at the University on this basis register as « Visiting Students », and may study full-time or part-time.

For SSEES students this means the following requirements:

Full year: 4 x academic blocks plus 1 OR 2 x language blocks (unless already fluent in Russian)

Single semester: 2 x academic blocks plus 1 x language blocks (unless already fluent in Russian)

Accommodation

Students could be housed in a dormitory of the University (single or double) rooms.

Application and Admission Rules

SSEES students will apply through the study abroad tutor (Chris Gerry).

In order to provide you with a formal invitation for obtaining your visa for study purposes we request the following information: your full name, date and place of birth, passport number and expiry date, citizenship, city of obtaining your visa, dates of expected arrival and departure.

Fees: 950 USD per academic block; APPROX 600 USD per language block (i.e. full year at MGIMO costs between 4,000 and 5,000 USD for tuition; single semester costs approximately 2000 USD but you will need to spend the other semester at another study abroad destination)

Accommodation fees: Dormitory (room for one) - 300 USD per month;
Dormitory (room for two) - 150 USD per month;
