

SSEES DVD COLLECTION - MATERIAL IN CATALOGUING

Last updated **8 January 2019**

The DVDs, Blu-ray discs and discs recorded from Russian television (“RDs”) listed here are all in the process of cataloguing.

You can search this document by typing in the original title of the film you are looking for. Sometimes there are more than one copy of the same material, perhaps with and without English subtitles, perhaps of differing quality.

Though the discs listed here are not yet in the full catalogue or the indexes, they *are* on the shelves and are available for use. Just ask for them at the Library issue desk in the usual way by giving the **Call number**.

To get full credits for any of the titles listed here, go to the appropriate document in the list entitled “Full credits for DVD-xxxx to DVD-xxx” and search by Call number or by title.

DVDs and Blu ray discs

There are **1280** DVDs and Blu ray discs listed here, **Nos. 4271-5550**

Titles are given in the **original language**.

Much of the material is in English.

Of the material in other languages, much has (optional) English subtitles.

This is indicated by the letters **ES**. (Sometimes these discs have additional subtitles in other languages.)

FS means optional French subtitles.

If there are no subtitles on non-English material, this is indicated.

Material recorded from Russian television (RDs)

There are **339** recorded discs listed here, **Nos. 651-989**

The material recorded from Russian television is not subtitled
